FOR: Avathar the game and Avatar online game. Designed
by James Cameron, Avatar Online is a massively multiplayer
online game that's set on the infinite taiga, the lush
environment of Pandora. Avatar. A digital art project that
merges the worlds of cinema and fiction. Starring Sam
Worthington, Zoe Saldana, Giovanni Ribisi, Michelle
Rodriguez, Sigourney Weaver, and Stephen Lang. Directed
by James Cameron and Jon Landau (story) & David
Attenborough (graphics). The Bonus features are a bit hokey
and often out of place. The game is quite derivative of Mass
Effect, with the emphasis on action, especially ME1. Автор:
Propeller Development team SIX [06.07.2008 14:08].

Описание: Avatar Online is a 3D first person shooter. Unlike

traditional shooters, which have levels that are split into left and right halves, Avatar Online has a single three dimensional level. The game is set in the massive open world of Pandora.

Players take control of one of five species, taking part in various missions, and are able to unlock a variety of skills and create customised weapons and vehicles. Avatar Online. An Online FPS by Propel Development team. Avatar Online offers a massive array of planets, species and powerful weapons and vehicles to explore, develop and ultimately destroy
