WAV sample set, and an extensive range of up to 35 audio effects and mixes that you can use to create a wide range of new and unique orchestral, cinematic, and ambient styles. All the content on MusicFish is for educational and evaluation purposes only.

MusicFish.com (MFi) does not claim any rights to the music. All the samples are posted by the artists themselves or are generated by our own material which comes under the "fair use" exception for the purpose of scholarship, review, or criticism.

More Details... The MANHATTAN OCTATHLON is the most explosive annual three-day summer outdoor music festival in NYC, with headliners at every hour. This album contains 10 different hour long sessions of live soundtracks recorded at last year's festival. This album will appeal to fans of New York Hardcore, US Hardcore and straight up Hardcore. With over 150 tracks available, this collection will satisfy the needs of most musicians who play their own music and those who need to record music for small to large ensembles. The GENESIS COMPLETE PACK offers you the most comprehensive collection of all

Genesis instruments available today. This pack includes the classic synth and percussion instruments used on classic Genesis albums such as the Caravan and White Album and offers you over 1000 sound patches to explore. This collection of 500 sound patches gives you the authentic sound of the original instruments used on these classic albums. The patches are sequenced and organized, allowing you to learn and perform live by simply choosing the patches that you want to play. The MODULATOR REV. 9 is the result of ten years of development, refinement and creativity in the field of Eurorack modular synthesis. Re-

mastered from its original quarter inch print to a 24- 82157476af
